## WHO WE ARE

**ALNAWAR** has been serving in the Packaging field for over **18 years** with extensive knowledge and experience. The company started producing culinary packaging products in 2004. These products include paper & plastic cups, soup bowls, food containers, boxes, vending cups, lunch boxes, and double wall cups. Since its establishment, it has strived to provide quality product & service in a timely manner, in the right place, and with proper pricing. The company has implemented an effective and modern approach to stay up to date in serving its clients and recruiting professional staff to aid the clients. Continuously developing its range of products,

ALNAWAR invests in growth, research, and implementation of various strategic plans to provide modern renovated products using technological development in the industry. We are also proud of producing items that are health and environment friendly. The importance given to quality by ALNAWAR, begins with the selection of the best raw materials, and covering all the steps from beginning of production up to the delivery of products to clients. These processes are carried out accurately with high quality understanding and attention to details.

## OUR MISSION & VISION

ALNAWAR will continue to create long term value with quality-oriented management approach which forms the basis of a successful future, sensitive approach to human and environment, the importance given to sustainable success and innovative activities.
